### TOP SKILLS:

- HTML & CSS
- JavaScript
- ReactJS
- Databases: MySQL, PostgreSQL
- Version Control: GIT
- Framework: Bootstrap, Express.JS

### **Career Objective:**

Self-taught Front-end Web Developer, who is also an Innovative Fresher Web Developer. Seeking to assist Web Weave Dynamics in creating dynamic solutions by leveraging skills in JavaScript, HTML, and CSS and want to secure a challenging and rewarding role as a web developer in a reputed organization, where I can utilize my skills and knowledge to deliver high-quality web applications and contribute to the company's growth.

### **Technical Skills:**

- Proficient in HTML, CSS, JavaScript (ES6+), and React.js.
- Front-end Frameworks: Bootstrap, Express.js
- Version Control: Git
- Development Tools: Visual Studio Code
- Databases: MySQL, PostgreSQL
- Familiar with server-side development using Node.js.
- Others: Restful APIs, JSON

### **Projects:**

#### ❖ **Weather Forecast Application**

- Developed a weather forecast application using HTML, CSS and Java Script and RESTful APIs to retrieve weather data.
- Designed a dynamic interface to display current weather conditions and forecasts for multiple locations.
- Implemented features such as search functionality, temperature unit conversion, and error handling.

#### ❖ **Personal Portfolio Website**

- Designed and developed a responsive personal portfolio website using HTML5, CSS3, and JavaScript.
- Implemented modern design principles to showcase projects, skills, and contact information.
- Hosted the website on GitHub Pages for public access.

### Languages:

- HTML (Proficient Level)
- CSS (Intermediate Level)
- JAVASCRIPT (Proficient Level)
- SQL (Intermediate Level)

### Certifications:

- Web Development online course – Udemy, 2024

### Education:

- Bachelor Of Commerce Delhi University (2017-2019)
- Web Development Online course – Udemy (Sep 2023 -March 2024)
- Company Secretary CS Executive Level (Module-1)

### Hobbies:

- Reading
- Writing
- Baking
- Music

### ❖ **Spotify Clone with React.js**

- Built a website that acts like Spotify using React.js.
- Added features like signing in, searching for music, making playlists, and controlling the music player.
- Used special tools from Spotify to get real music and playlists for the app.
- Made sure the app looks good and works well on different devices.
- Worked with others to connect the different parts of the app together.
- Made the app faster and able to handle more users.

### **Experience:**

- **Front Desk/Data Operator**  
3years Experience  
(2018-2021)
- **As Translator Hindi to English**  
3years Experience  
(2021-2023)
